Education

Bitney College Preparatory High School

Current School, Grass Valley

Bitney works with an advisory style of education allowing internships and projects to be judged and used to get school credit. I spend most of my time with my project Nevada County for the Better of Science which I hope to begin incorporating and then registering it as a non-profit.

With this project I have been getting experience with computers including several server grade machines. More info on NCFTB can be found on its [website](#).
